

## Township of Brick

### ***New Furniture Installation of Redesigned Municipal Offices***

*Brick Township wanted to create an “open environment” for the combined Land Use, Construction, Inspectors, Engineering, Administration, Code*

*Enforcement and Building Departments.*

*Using mixed-height panel systems, freestanding furniture, steel storage and ergonomic seating, Butler Office Interiors was able to adequately fulfill their needs now and into the future.*

furniture solution*

The Architects for the project Barlo & Associates, created the original layouts and BOI configured and installed the final furniture.

The Furniture Solution was to use Trendway Trendwall Floor-to-Ceiling & Choices Panel Systems, Groupe Lacasse Freestanding Desking and United Chair Seating

*Brick Township's need for:*

- *Reception Stations*
- *Plan Review Stations*
- *Private Offices*
- *Teaming Conference Area*
- *Conference Room*
- *Standard "U" and "L" Stations*

*were easily configured to fit into the building and the furniture laminate colors were matched to the custom-made construction.*

*Reception Stations at Custom-Made Counter*

*your office  
furniture solution*

*Trendwall by  
Trendway fit Brick  
Township's need for  
modular floor-to-  
ceiling offices and  
conference areas  
which were 100%  
compatible with the  
systems furniture.*

*Choices Panel  
systems are easily  
reconfigured and  
give the customer the  
furniture solution  
for short-term  
flexibility and long  
term sustainability  
so important in the  
changing economic  
times today.*
